Sponsor Hampton Roads DevFest 2027

Apr 23, 2027 · Zeiders American Dream Theater · Virginia Beach

One day. One track. Meet developers and technology teams from across Hampton Roads.

Presented by RevolutionVA, a 501(c)(3) nonprofit.

01 Why sponsor DevFest

Hampton Roads DevFest started with a simple idea. The 757 has some of the best tech talent and tech companies in the country. We put the people doing that work on display and show what they bring to the region. Real tech companies back DevFest, and sponsoring shows your commitment to a strong, growing 757 tech community.

- Your sponsorship funds DevFest and our 2027 workshops and meetups.
- Developers, engineers, veterans and students come to learn, connect and meet local tech companies.

FOR 2027

- **Local talent on stage.** One track in one room, so everyone sees every talk.
- **The Studio.** An open room for lunch and conversation.
- **Real time with attendees.** Registration networking, two 30-minute breaks at the sponsor tables, and a 75-minute lunch.
- **Scholarship seats.** Our Scholarship Partner funds seats for students and veterans.

"I've been attending and volunteering at Hampton Roads DevFest for several years, and it's an event I always look forward to. The organizers consistently do an amazing job putting together a well-organized conference filled with great speakers, valuable content, and opportunities to connect with others in the tech community. What really makes DevFest special is the welcoming atmosphere. Whether you're new to the industry or have years of experience, there's something for everyone. It's a fantastic event, and I'm proud to be a small part of it!"

Kristina Krasnolobova, BSides Hampton Roads Organizer

TIME	WHAT HAPPENS	
3:45	Talk	
4:30	Closing, then networking and sponsor teardown (building closes at 6:00)	Sponsor time
After conference closing	Official DevFest Reception: venue and exact timing to be announced	Sponsor time

Sponsor time means sponsors are speaking, at their tables, or hosting a room. Schedule subject to change.

06 Before you commit

Commit now. Pay in 2027 if needed.

All sponsors can pay by credit card, check, or ACH. We will hold your sponsorship for 30 days unless we agree on a future payment date. Logos and promotion won't start until payment is received in full.

Payment

Checkout asks for your company name, contact emails and a logo link (or we follow up). Paying an invoice by card adds 3%. Check and ACH have no fee. We accept purchase orders and can send a quote.

Attendee privacy

Sponsor email opt-in is off by default. Presenting, Main Stage and Reception each include one post-event email, sent by DevFest to attendees who opt in. That's one email per qualifying offering.

We never share attendee contacts with sponsors. We never sell attendee lists, and we never scan badges.

What is the Who's hiring board?

The Who's hiring board is where sponsors list open roles. We put it up at DevFest, near registration, and on the DevFest site. Every package at $2,500 and up includes a listing; standalone partnerships don't. Write your listings however you want, for example noting that a clearance is required, but every role must include an expected salary range.
